

Safety, Health & Environmental Policy

Demag Cranes and Components (Pty) Ltd in its scope of business as leaders in the designing and manufacturing of materials handling equipment recognizes that it has impacts on the safety and health of its employees, and the environment.

The company is committed to managing environmental impacts, health & safety as an integral part of its business through application of comprehensive SHE Management Systems.

Management of Demag Cranes and Components commits to applying best practice in SHE management and sets the following objectives:

- Ensuring compliance with all local, national and international laws, regulations and standards applicable to our business.
- Prioritizing health, safety and environmental considerations in product developments and in our dealings with contractors and suppliers.
- Striving to minimize environmental impacts of our operations by optimising the use of natural resources.
- Reviewing health, safety and environmental targets regularly to ensure appropriateness and to enable continuous improvement.
- Documenting, implementing and maintaining this policy and ensuring that it is communicated to all employees with the intent that employees are made aware of their individual health, safety and environmental responsibilities.
